

Getting Started with TeamLink

Discover the Future of Construction Collaboration

constructionOnline[™] TeamLink[™]

What Is TeamLink?

TeamLink is a revolutionary new way to keep up-to-date with your construction projects. You can communicate directly with the project manager, view the latest project photos and files, review change orders, complete punch lists, and much more. Miscommunications will be a thing of the past, ensuring your projects stay on course and on time.

Login to TeamLink to Access:*

Project Overview

See the most up-to-date activity going on in the project, including upcoming events, meetings, deadlines and more.

You can download and upload any project documents and files here. There's also a private area for files only you and the project creator can see.

Calendars

You'll always know what's coming up with powerful project calendars, including Day, Week, and Month views.

Punch Lists

See exactly what tasks need to be completed, along with any related issues that may affect the job's progress.

Daily Logs

Keep a comprehensive record of on-site conditions and events, including delays, weather, deliveries and more.

Project Photos

See the latest progress going on in the project with easy to navigate photostreams and galleries.

Change Orders

Quickly review change order details, so you'll be award of any additional work or project time needed.

Mobile App Access

Access your projects' details anywhere, anytime from your phone with the easy-to-use ConstructionOnline app.
